

## Using Images Of Children

We often take photographs of the children at school. We may use these images in our schools prospectus or in other printed publications that we produce, as well as on our website and on our twitter account. We may also make video or webcam recordings for school to school conferences, monitoring or other educational use.

From time to time, our school may be visited by the media who will take photographs or film footage of a visiting dignitary or other high profile event. Pupils will often appear in these images, which may appear in local or national newspapers, or on televised news programmes.

Before we use a photograph, we need written consent each year in order to comply with the Data Protection Act 1998.

Please answer the following questions, then sign and date the form.

If the form is not signed, we cannot, and will not use the photograph.

We will not use the image(s) for any other purpose.
